OPPORTUNITIES

- **Italian course for not Italian speakers (With Credits)**
- **Double Degree Agreement (University Of Dundee)**
- **Erasmus and Extra Ue Opportunities**
- **Engagement with Companies**
- **Placement and internship**
- **Creo-labs** – Entrepreneurial University
- **BAUHAUS courses and initiatives**
- **Seminars**
- **Summer Schools**
- ...

Italian course for not Italian speakers

We strongly recommend attending the Italian course for non-native speakers.

It can already be taken in the first year (for 3 ECTS credits).

The full exam (of 6 ECTS) will be recognized in the second year once the course and exam will be completed.

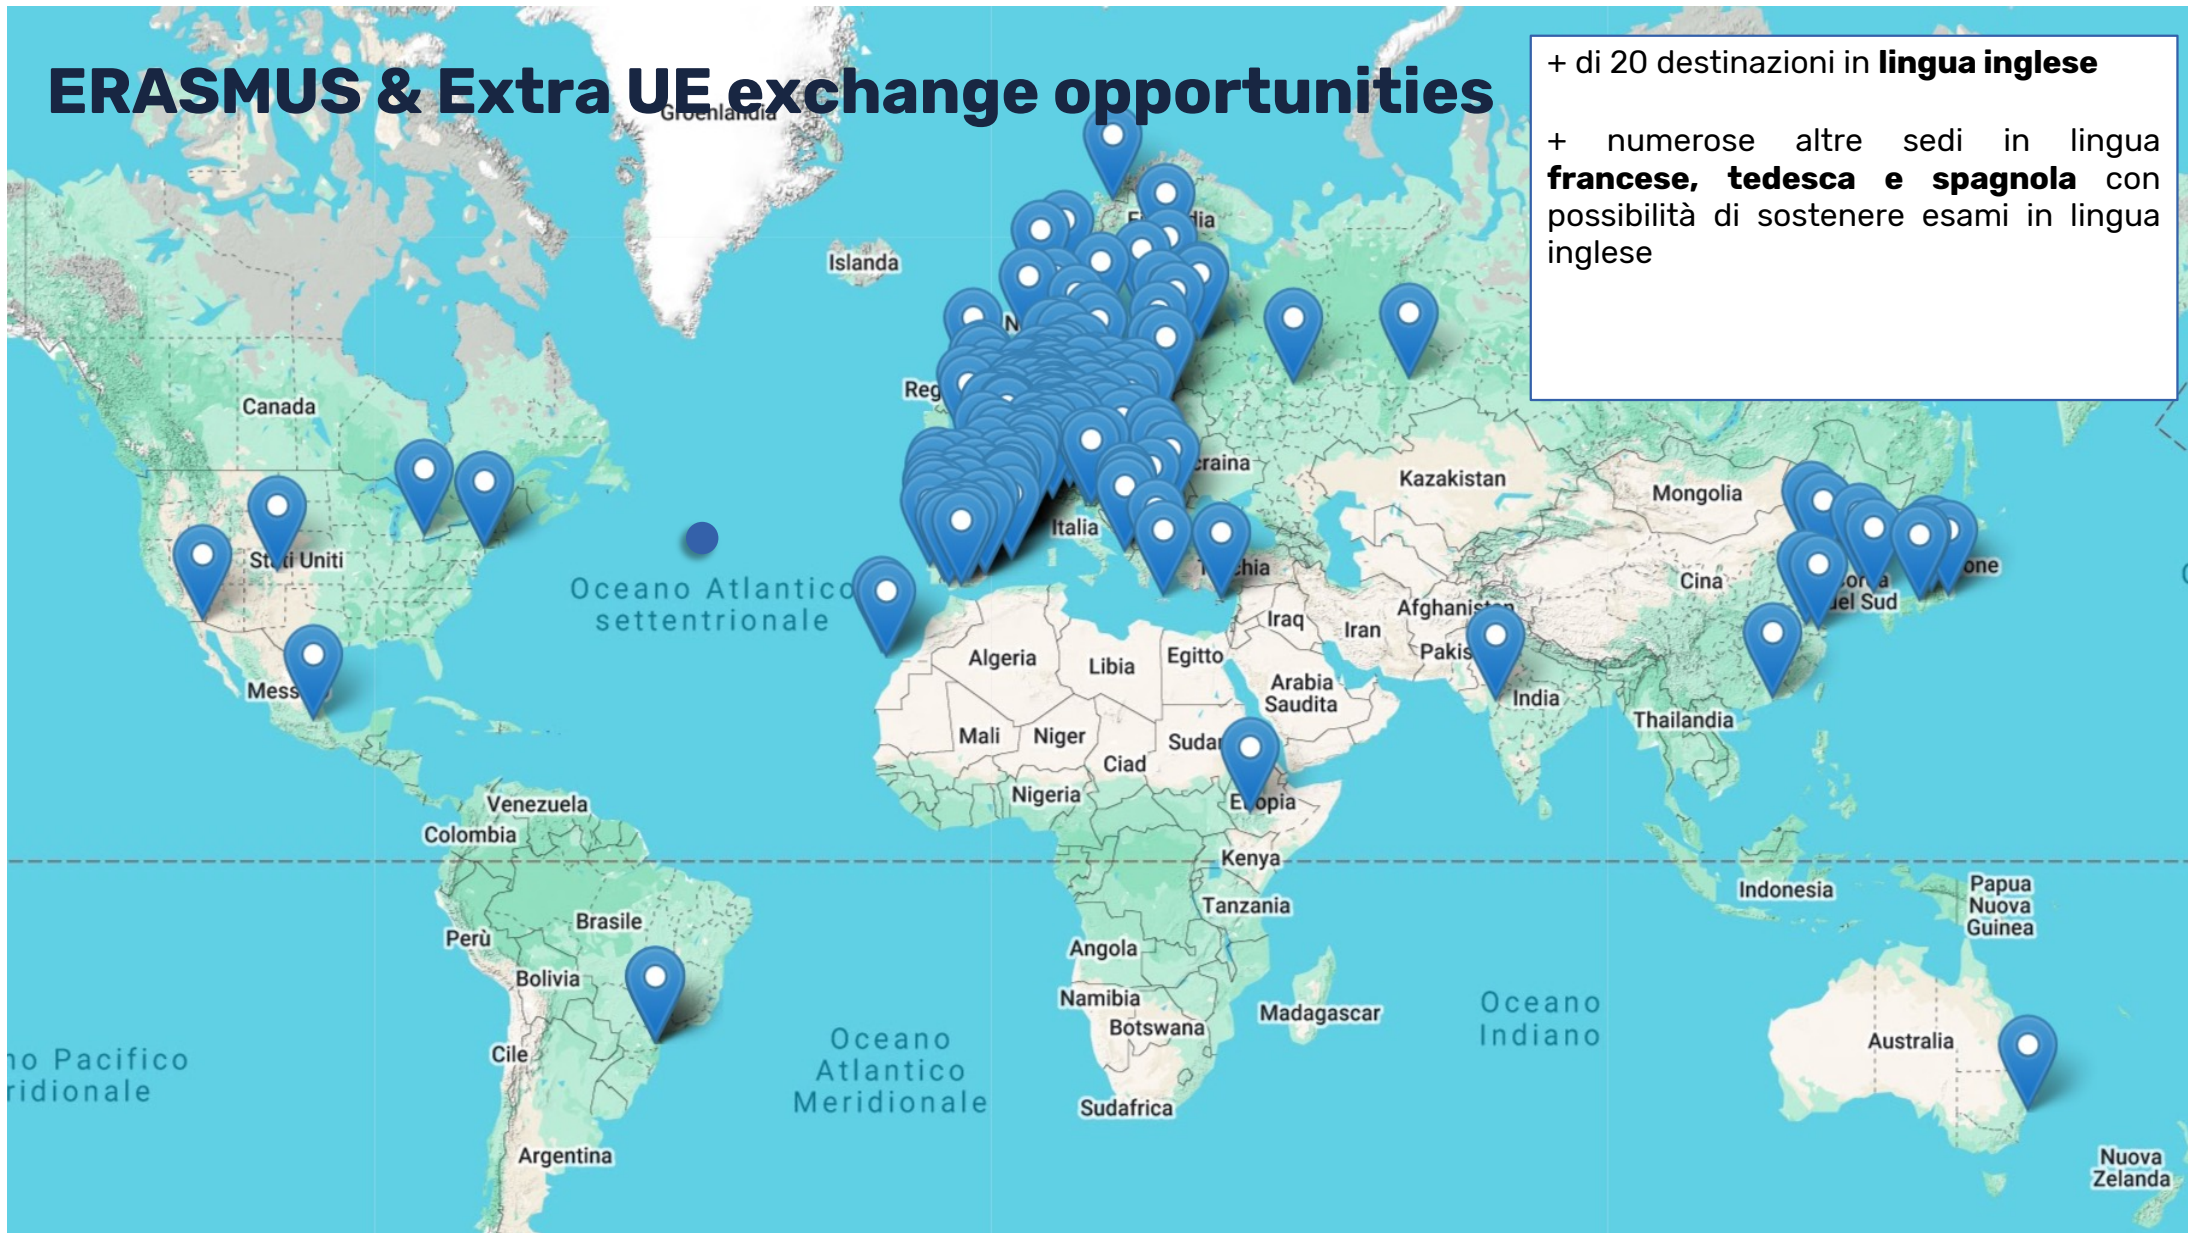

UNIVERSITÀ
DEGLI STUDI
DI BERGAMO

Dipartimento
di Scienze Aziendali

ERASMUS & Extra UE exchange opportunities

+ di 20 destinazioni in **lingua inglese**

+ numerose altre sedi in lingua **francese, tedesca e spagnola** con possibilità di sostenere esami in lingua inglese

Internship

Internship is not mandatory but is an important opportunity for professional training (**6 ECTS credits = 150 hours**, extendable **up to 400 hours** when preparing a graduation thesis).

Erasmus+ Traineeship: a programme that allows students to undertake curricular or extracurricular internships (if the activity is not included in their study plan) in one of the countries participating in the Programme. Internships may take place at companies active in the labour market or in sectors such as education, training and youth. Beneficiaries receive a grant.

Other opportunities for **internships abroad**:

<https://www.unibg.it/universita/amministrazione/concorsi-e-selezioni/bandi-tirocini-e-studio-alleestero>

Remember to explore the “Placement” service, which supports graduates’ entry into the world of work.

Competencies and
Resources for
Entrepreneurial
Orientation

ASSESS A NEED AND FIND A SOLUTION

CREO-LAB teaches you how to turn a need into a project that generates an original, relevant and feasible idea.

CREO-LAB is all about **learning by doing**.

The programme guides students from exploring entrepreneurship in a specific field to developing **business models that create value and are potentially scalable**, ultimately leading to the creation of a **final project work**.

Students work in **multidisciplinary teams**, starting from the analysis and validation of a need and developing an innovative idea designed to address a real need and challenge.

CREO-LAB helps you develop:

- **Problem solving**
- **Teamwork**
- **Creativity**
- **Project development**
- **The ability to communicate and develop an idea**

Open Badge TRANSET

organizzazioni in transizione

Un riconoscimento digitale per valorizzare un percorso multidisciplinare su transizione ecologica, digitale e sociale.

Come si ottiene

Perché è utile

Portfolio competenze · CV e LinkedIn · networking con docenti, imprese e professionisti

- **"Populismi, genere e rappresentanze: c'è ancora spazio per i corpi intermedi?" (Settembre 2026)**

Evento che parte dalle riflessioni proposte nel libro "Disintermediare stanca" di Francesco Seghezzi, e analizza le trasformazioni che hanno investito i contesti lavorativi e sociali, dove i processi di disintermediazione hanno spesso prodotto un vuoto di rappresentanza.

- **"Mercato, relazioni e valore d'impresa: come si orienta la governance?" (Settembre 2026)**

Evento di presentazione del volume Governance Under Influence: The Role of Political Connections in the ESG Transition. Occasione per discutere di come le relazioni tra imprese, istituzioni e contesto politico possano influenzare le strategie aziendali, la sostenibilità e la creazione di valore.

- **"Giovani, maschilità e politica: essere giovani uomini in un mondo polarizzato" (Ottobre 2026)**

A partire da dati relativi alla partecipazione politica e sociale e dalle ricerche sui valori e gli atteggiamenti politici dei giovani uomini in Italia, e dai primi risultati del progetto MEN4DEM, l'evento approfondisce il tema del rapporto tra maschilità e politica nelle esperienze dei giovani uomini.

- **"Il sapere che conta" (Novembre 2026)**

Evento di presentazione del libro Il sapere che conta a cura della Prof.ssa Annamaria Lusardi, Stanford University, pensato come un momento di divulgazione, confronto e sensibilizzazione sul ruolo dell'alfabetizzazione finanziaria nella vita quotidiana delle persone.

- **"Contrastare la violenza: dal risentimento di genere alla trasformazione pro-sociale" (Novembre 2026)**

Evento che propone una riflessione sul risentimento di genere. Si analizzeranno i rischi legati alla sua deriva e si intende offrire una prospettiva diversa, mostrando come il risentimento possa diventare una risorsa trasformativa se rielaborato attraverso valori inclusivi e percorsi di consapevolezza.

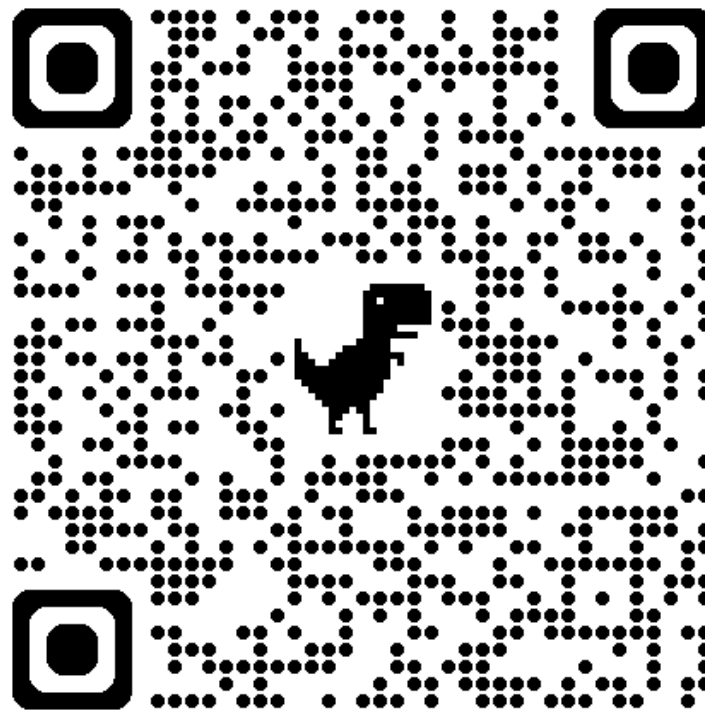

- **"Binance Tour" (Dicembre 2026)**

Evento con Gian Luca Comandini, imprenditore, divulgatore tecnologico e parte del MENSA e della task-force governativa del Ministero dello Sviluppo Economico, pensato come un momento di divulgazione, confronto e sensibilizzazione sul ruolo dell'alfabetizzazione finanziaria nella vita quotidiana.

- **"Maschilità nella società digitale" (Dicembre 2026)**

Evento che affronta il tema della maschilità digitale e delle "maschilità in rete", discutendo dei molteplici modelli che circolano e delle loro implicazioni politiche, ma anche delle rappresentazioni medialità e degli immaginari che circondano questi temi, per andare oltre il panico

- **"Prodotto continuità" (Dicembre 2026)**

Unibg Career Day – 26 November 2026

Sign up for the **“Waiting For Career Day”** sessions—career guidance webinars designed to help you arrive well-prepared for the UniBg Career Day on **November 26th at the Bergamo Exhibition Centre** (Fiera di Bergamo) and to approach your job search with greater confidence and insight.

The sessions began on October 8, 2026. Check the program and register via the Career Day portal (<https://www.careerdayunibg.it/>).

An added bonus: earn the **“Career Management Skills” OPEN BADGE!**

By participating in at least two “Waiting for Career Day” sessions and the Career Day itself, you can enhance your academic profile with an Open Badge. This digital certification recognizes your participation in training activities aimed at developing key career-building skills—such as active job searching, understanding recruitment tools, and defining effective career strategies.

SUGGESTIONS FOR THESIS

It is suggested:

- to find a thesis supervisor **at adequate timing**
- when student contacts professor for the thesis, please **prepare and present the thesis project** (topic, research question, title and so on)
- **not writing «general» e-mails** to all professors asking availability to be thesis supervisor
- to read the thesis guideline and monitor the deadlines for graduations at: <https://ls-ags.unibg.it/en/how/how-graduate>
