

**WEEK 10\_3**  
**Group Presentations**

Each student will be expected to participate in a group presentation during week 10. Each group will consist of no more than four students. You are encouraged to be as innovative and creative as possible in your presentation as they are intended to get your classmates thinking about the topic in a way that stimulates discussion. Using examples from outside the recommended reading list, or from other disciplines is encouraged. You may wish to consider role-playing, mock debates, mini-plays as well as conventional presentations. Each group will be able to choose between the following topics:

**Topic 1** The history of management accounting is irrelevant to future developments in the discipline.

**Topic 2** Standard costing is evil.
